EBOLA PREVENTIVE MESSAGE FROM PROCMURA-LIBERIA AREA COMMITTEE

PROCMURA - LIBERIA AREA COMMITTEE SAYS:

- Let us all kick Ebola out of Liberia, protect yourself and stay alive!
- Let us join our communities and take ownership for our protection; Ebola has no place in Liberia.
- Stop religious and cultural practices that can expose you to EBOLA attack.
- Do not eat bush meat; Do not touch affected persons living or dead; Kick Ebola out of Liberia.
- Early detection and treatment save lives. Report all cases(yourself & family) and make Ebola a history
- Oh! My people, this sickness that has come in our country is very harmful and is killing us like chicken sickness. Let us all work together in fighting and kicking Ebola out of Liberia by observing the preventive measures as taught by Health Workers.
- O' God our Father, this is Liberia once again going through another round of instability which is as a result of a sickness called Ebola meaning; **Evil Blinking, Over, Liberia, Again.** But if God be for us who can be against us. God will see us through let's keep the faith.
- These messages were brought to you by: The Programme for Christian-Muslim Relations In Africa (PROCMURA) Liberia Area Committee.

EBOLA RADIO MESSAGE FROM PROCMURA

I am **Rev. Emmanuel F. Johnson I, PROCMURA LIBERIA, AREA COMMITTEE CHAIRPERSON:**

- Let us all kick Ebola out of Liberia, protect yourself and stay alive!
- Let us join our communities and take ownership for our protection; Ebola has no place in Liberia.
- Stop religious and cultural practices that can expose you to EBOLA attack.
- Do not eat bush meat; Do not touch affected persons living or dead; Kick Ebola out of Liberia. Early detection and treatment save lives. Report all cases (yourself & family) and make Ebola a history
